Update on EFTs and HIPAA ERA/835 files

We are currently working to complete the final phases of our latest electronic solution which will:

- Replace HNS “paper” checks with Electronic Fund Transfers (EFTs)
- Provide you with two options to receive your HNS EOBs:
 1. Print your HNS EOBs directly from the HNS website and continue to post payments just as you currently do.
 2. If your software has the capability to post payments from the information provided to you by HNS in the electronic payment file, and can interpret the data contained in this file, it can be downloaded to your practice management software system for automatic posting directly to your patient accounts. To take advantage of this new feature, you will need to contact your software vendor to determine if your software can correctly interpret the data contained in this file and also for set-up assistance.

We expect to have these electronic solutions available to you by the end of 2010 or early 2011. Once these projects have been completed, all HNS payments will be issued via EFTs and HNS will no longer send paper checks or paper EOBs to our providers. EOBs can be printed from our website **OR**, if possible, downloaded to your billing software.

“There are no real secrets to success. Success in anything has one fundamental aspect - effort...Take action with commitment.”

~Sam Parker

WELCOME NEW HNS PROVIDERS
